Roxbury, Mass.

Gentlemen!

I am sending you a medal
which has been found about a month
ago on P.E.I. Canada in a pile of
Turnips.

We would appreciate very much
if you could tell us what it means
and if it is of any value. Enclosed
find stamps to send it by return
mail at your leisure.

Personally I think it is of a great
nature. Hopely to hear from you
also. Thanking you for your trouble.
Respectfully

Paul Maz Kinnison
100 Mt Pleasant Ave
Rox, Mass.

August 5, 1936

Mr. Paul MacKunion,
100 Mt. Pleasant Ave.,
Roxbury, Mass.

Dear Sir:

Your favor, together with the package at hand.
Unfortunately the piece is not a coin and is not old and
in consequence has no value whatsoever.

It was made for jewelry or ornamental purposes
either as a pendant or a watch fob. Probably the loop
that was in the same package was once soldered to it.

I have seen a number of these pieces which were
made in imitation of an ancient Roman coin. It is a
very poor imitation and only one side of the coin was
made.

Very truly yours,

Curator
